

General Information about the department

(Summary about the milestones of the Department, academic facilities, research facilities, staff, no. of Post graduate students, Fellowship students, various courses including Allied health sciences & Paramedical courses and services provided by the department)

The department of Internal Medicine at BMCRI is one of the oldest departments in the Institute. We receive patients from all walks of life, not only from Bangalore city, but also from all over the state as well as country.

Department of Medicine is a tertiary care providing Department, catering to patients from simple fever to complex problems. I can very well state that we see all adult cases admitted to this entire institute at any point of time. We are in the process of training physicians for the future, this aptly summarizes the importance of department.

From ages we are proud to say that the department has had the best of the brains and kindest of the hearts in providing quality medical care. In addition, the training given to Undergraduate and Post Graduate students are par excellence making it one of the best 10 Colleges in the country.

Myriad of services such as curative and preventive services from fever to life threatening conditions through various other services are being rendered with the support of specialty and super specialty departments. We have the facility for treating HIV/AIDS patients through ART center, treatment of Tuberculosis through NTEP (RNTCP & DOTS services), Diabetic care through specialized diabetic clinic, newly developed 30 bedded sophisticated Geriatric ward, managed by senior physicians of the department unit wise and taken care of the healthy needs of the elderly with state of the art facilities. We have 35 bedded ICU, 60 emergency beds in Trauma care centre and 12 bedded MICU with facilities to treat life threatening conditions .

We provide other services such as Disability board services and Medical Board Services. Our faculty are posted to monitor the health of honorable members of the legislative assembly and council during the assembly sessions. Department deputed senior physicians and actively supports the state protocol officers and other police personnel whenever VVIPs & VIPs visit the capital city . Health Screening & certification for HAJ, Char Dham Yatra, Amarnath Yatra and other pilgrimages are made available. Department provides vaccination services for foreign travel ,healthscreening &certification services for new Police Recruits, Bank Probationers and Gazetted Probationers of other departments.

Medicine department in association with other medical colleges is actively involved in training over 500 postgraduates yearly through Medical Education & Research Trust (MERT Programme). Other CME programmes for Post graduate trainees are also being conducted regularly. Training is provided to personnel deputed from health & Family welfare department

on topics of public health importance. Staffs are actively liaising with IISc in creating vaccine for dengue fever. Multiple research articles are being published from the faculty and trainee post graduates annually. We are actively involved in the undergraduate and post graduate teaching, training of dental, physiotherapy, OT technician and nursing students. We have conducted many DNB exit exams. Department is actively involved in large multicenter Drug Trials, Clinical Trials, CMEs, National and State level physician meets.

Department is headed by Prof Dr. Ravi K. He presently looks into the departmental administration. He is supported by team of 8 Professors, 4 Associate professors, 8 Assistant professors, 3 senior residents, 1 clerical staff and 3 group D workers. Yearly 32 Post Graduates take admissions in the department for M.D. Gen Medicine programme. Collectively there are 93 post graduates in the department who work 24/7/365 days tirelessly under the guidance of senior faculty to provide medical care and comfort to the ailing public..

Currently we have 08 units. On an average we see daily OPD of 400 to 500 and inpatient admissions of 60 to 70 per day. Number of inpatients admitted in the year 2016-17 are 15450, 2017-18 are 19163, 2018-19 are 14853. Department runs with 150 beds exclusively for medicine, in addition to Emergency and ICU beds in Trauma care Center and MICU.

Teaching faculty

(Unit wise data)

Unit	Sl. No	Name	Qualification	Designation
1	1	Dr Ravi K	MBBS ,MD	Professor And Head
	2	Dr Sivaranjani H	MBBS ,MD	Associate Professor
	3	Dr Parvathi M	MBBS ,MD	Assistant Professor
2	1	Dr Nagaraja B S	MBBS ,MD	Professor
	2	Dr Prabhu S	MBBS ,MD	Associate Professor
	3	Dr Mumtaz Ali Khan	MBBS ,MD	Assistant Professor
3	1	Dr Ashok M L	MBBS ,MD	Professor
	2	Dr Aravind G N	MBBS ,MD	Professor
	3	Dr GiriG V	MBBS ,MD	Assistant Professor
4	1	Dr Raveendra K R	MBBS ,MD	Professor
	2	Dr Raghavendra B M	MBBS ,MD	Associate Professor
	3	Dr Chandra Shekar M	MBBS ,MD	Assistant Professor
5	1	Dr Madhumathi R	MBBS ,MD	Professor
	2	Dr Yoganand M N	MBBS ,MD	Assistant Professor
	3	Dr Manasa G	MBBS ,MD	Assistant Professor
6	1	Dr Nirmala A C	MBBS ,MD	Professor
	2	Dr Hemachandra P	MBBS ,MD	Associate Professor
	3	Dr B C Prakash	MBBS ,MD	Assistant Professor
7	1	Dr Kavya S T	MBBS ,MD	Professor
	2	Dr Sanjay Kumar H R	MBBS ,MD	Assistant Professor
	3	Dr Manjula J	MBBS ,MD	Senior Resident
8	1	Dr Prashanth V N	MBBS ,MD	Professor
	2	Dr Srinivas G	MBBS ,MD	Assistant Professor
	3	Dr Aishwarya Umeshchandra	MBBS ,MD	Senior Resident

Non teaching faculty

Sl.No	Name	Qualification	Designation
1	RAJU R		CLERK
2	MANJULA		GROUP D
3	VENKATARAMANIAH		GROUP D
4	MAHADEVA SWAMY		GROUP D

Services given by the department (Include specialty clinics, outreach programmes, Community programmes, any other services etc.)

Sl. No.	Programmes/Services	Concerned staff	Time/Period
1	Diabetic clinic	Dr Ashok M L Dr Prashanth V N	Tuesday and Thursday :10am – 1pm
2	ARTcentre	Dr Nirmala A C	Daily: 9am - 4 pm
3	NTEP (old RNTCP and DOTScentre)		Daily :9 am – 4 pm
4	Medical Gastroenterology clinic		Mon, Wed and Friday – 10am – 1pm
5	Hematology clinic		Tues, Wed, Fri and Saturday – 10am – 1pm
6	Medical board for disability		Monday/Wednesday/Friday
6	Haj camp		When Requested
7	Regular rural health check up camps		9am – 1pm
8	Dental, BSC . OT technician, Homeopathy, Physiotherapy training programmes		
9	Geriatric Medicine	Dr Nirmala A C	OPD Services and Inpatient services
10	Biothesiometer, ABI instrument and, Spirometer.		Daily 9am – 4pm

Academic Activities

Teaching programme

For the month		
Sl. No	UG (numbers/--month)	PG (numbers/--month)
Theory classes	16	--
Practical classes	26	26
Seminars	--	10
Journal club	--	4
Guest lectures	--	2
Case presentations	26	10
Any others (Specify)	---	5 (ward special teaching rounds) One CPCwith pathology department and monthly mortality meet

Research Activities

Research Projects—2019, 2020 (ongoing) (Excluding Dissertation)

Sl. No	Title of the project	Name & Designation of the Principal investigator
1	Identification of biomarkers for risk assessment of Dengue	Dr Nagaraja B S Dr.Sivaranjani H
2	Comprehensive assessment of short and long term clinical outcomes of Covid 19 patients for one year post discharge from a tertiary care designated Covid-19 Hospital in south India .	Dr Raghavendra B M Dr Chandrashekar M
3	Study of platelet count to spleen diameter ratio to predict oesophageal varices in patients with cirrhosis of liver- "an observational study"	Dr.Ashok.M.L, Dr.Shweta
4	Comparative study of thyroid profile between premenopausal and postmenopausal women—cross sectional study.	Dr.Aravind G.N . Dr.Suma.
5	A study of neutrophil to lymphocyte ratio as a predictor of steatohepatitis and fibrosis in patients with non-alcoholic fatty liver disease	1.Dr Jayachandra 2.Dr.Rakshit R Desai
6	To correlate mean platelet volume with severity of Heart failure	Dr Kavya S T Dr Rakshit R Desai ,
7	Assessment of quality, duration and pattern of sleep and glycemic control in patients with diabetes mellitus.	Dr Ashok M L Dr Chetan V
8	Clinical profile and outcomes of Covid-19 patients with malignancy	Dr Ravi K, Dr Chaitra Rao
9	To correlate serum pseudocholinesterase and serum CPK level in acute op poisoning with respect to POP scale	Dr. Madhumathi.R
10	Comparison of neutrophil to lymphocyte ratio in predicting severity in influenza like illness in Covid -19 positive and negative cases.	Dr. Madhumathi.RDr.Yaduraj.D.K.
11	APRI index as an alternative marker in predicting severity and prognosis in patients of liver cirrhosis	Dr Nirmala A C Dr Abhiman Shetty B
12	Study of correlation between serum hsCRP and serum uric acid in patients with acute stroke	DrJayachandra, Dr P Arjun Chandrashekar
13	Clinico-radiological profile in SARI-a comparative study in SARS COV2 positive and negative patients	Dr Madhumathi, R Dr P Arjun Chandrashekar
14	Comparison of lymphocyte/monocyte ratio with meld and Child - Pugh score in patients with cirrhosis of liver	Dr Kavya S T Dr Nishchitha
15	RDW as a marker of prognosis in nephrotic syndrome	Dr.Ravi, K Dr Shashank
16	Study of serum CRP levels and serum magnesium levels in septic shock	Dr B C Prakash, Dr Pallavi
17	Comparitive study of spo2/fio2 and pao2/fio2 in SARICovid19 positive and negative patients	Dr Madhumathi R Dr Pallavi S
18	A study of correlation of PulmonaryFunction Test in patients with metabolic syndrome with different components of metabolic syndrome	Dr Prabhu S

19	A comparison of the efficacy of parenteral methyprednisolone and dexamethasone in reducing Covid 19 disease severity and mortality	Dr Nagaraja Bs, Dr Priyadharshini Krishnaswamy
20	Diagnostic potential of CBNAAT in smear negative cases and drug resistance in such cases-retrospective study	Dr Nagaraja B S, Dr. Deepak K J
21	Study of correlation of platelet to lymphocyte ratio in Covid 19 positive and negative SARI cases	Dr Kavya S T , Dr Akash G Nair
22	Assessment of national early warning score 2 (NEWS 2) for predicting outcome and severity in Covid-19 patients: a prospective study	Dr Nagaraja B.S, Dr Vallish Shenoy
23	Clinico-radiological evaluation and correlation of chest CT severity score with disease severity and short-term prognosis in patients with coronavirus disease (Covid-19) : a cross sectional study	Dr Sivaranjani H, Dr Vallish Shenoy, Dr Aishwarya Nair
24	Assessment of absolute eosinophil count(AEC) as a prognostic indicator in patients with coronavirus disease (Covid-19) : a cross sectional study	Dr Madhumathi R, Dr Vallish Shenoy, Dr Ramakrishnan S, Dr Vikas N
25	Electrocardiographic findings in coronavirus disease-19 and its correlation with clinical severity of disease	Dr Nagaraja B.S, Dr Anindita
26	Comparative study of bacteriological profile in infective exacerbation of COPD and community acquired pneumonia	Dr Nagaraja B.S Dr Anindita
27	To study serum electrolytes and to correlate with severity in patients with dengue	Dr MadhumathiR . Dr Guruprasad Shenoy, Dr Keerthi Kumar N
28	To compare neutrophil lymphocyte ratio between SARICovid positive and SARI Covid negative patients	Dr MadhumathiR . Dr Guruprasad Shenoy, Dr Shreedevi
29	Study correlating lymphocyte to monocyte ratio and platelet to lymphocyte ratio with the severity in Covid-19 patients- a cross sectional study.	Dr Prabhu S, Dr Nishant Patil.
30	Assessment of derived neutrophil to lymphocyte ratio (D-NLR) and lymphocyte to c-reactive protein ratio(LPCR) in patients with coronavirus disease (Covid-19) : a cross sectional study	Dr Ravi K, Dr Chaitanya Kiran Kankanala, Dr Vallish Shenoy, Dr Sumesh Yadav Dr Bharath R
31	To study the pattern, intent and outcome of acute poisoning in a tertiary care centre	Dr Srinivas, Dr Aashik Y S
32	To screen for OSA in patients with Type2DM and it's association with glycemic status and microvascular complications	Dr MadhumathiR , Dr Aashik Y S
33	Clinical profile and outcome of the patients with meningoencephalitis in tertiary care hospital	Dr Ravi K , Dr Rohith M G
34	Study of correlation of NLR ratio with Hba1c in patients with type 2 diabetes	Dr Raveendra Dr Rohith M G
35	Study of clinical prolife and outcomes of patients with severe Covid-19 with Diabetes Mellitus.	Dr Prabhu S, Dr Varsha V
36	A study to assess diabetic distress in type 2 DM patients and its	Dr Amruthavarshini N,

	effect on glycemic control	Dr Madhumathi R
37	To study the anti TPO levels in subclinical hypothyroidism	Dr Sudha V
38	Study of serum albumin levels as a marker of severity in SARI and its comparison between Covid and non CovidSARI	Dr Sudha V
39	Neutrophil to lymphocyte ratio and derived- neutrophil to lymphocyte ratio as early predictors for severe illness in Covid19 patients: a prospective study in Victoria hospital attached to BMC&RI	Dr Ravi K, Dr S Kiran Kumar Navalba
40	Death audit of Covid 19 patients at a tertiary hospital	Dr Ravi K, Dr S Kiran Kumar Navalba
41	The utility of lipid profile as a marker for predicting the severity of dengue fever	Dr Ravi K Dr Keerthi Kumar N
42	The utility of a novel scoring model “CALL score” as a marker for predicting the progression risk and severity of Covid-19	Dr Prakash B C Dr Keerthi Kumar Dr Sumesh Yadav
43	To study the risk factor profile of stroke in young –a retrospective study.	Dr. Srinivas, Dr. Manoj Muthalik
44	A study of clinical and virological outcome in HIV/AIDS patients on third line anti-retroviral therapy at Centre of Excellence, Bengaluru.	.Dr Ravi K, Dr. Manoj Muthalik
45	To study the relation between ratio of waist-to-calf circumference and microalbuminuria with carotid-intima media thickness (CIMT) in patients of type 2 Diabetes Mellitus	Dr. Kavya S T Dr Saicharan
46	Biochemical features in CovidILI vs non CovidILI	Dr Deepali Dr Madhumathi R
47	A study of diabetic cardiomyopathy in young	Dr Madhumathi R Dr Keerthi Kumar N, Dr Kushal M
48	Clinical and Biochemical profile in Covid19 elderly patient	Dr Thejaswi K G
49	Effect of Covid 19(SARS COV-2) on blood sugar levels, correlation of blood sugar levels with disease severity and inflammatory markers (LDH, Procalcitonin, Ferritin, ESR, D Dimer, hs CRP)	Dr Sudheendra B R
50	Assesment of severity of hypokalemia in Covid 19 negetive SARI patients and Covid 19 positive patients	Dr Mahendra

Conference presentations of 2019, 2020

Sl. No	Title of the presentation	Name & Designation of the Presenter	Details of the conference
1	Paper :Innate immune cytokine profiling and biomarker identification for outcome in Dengue patients	Dr Sivaranjani H Associate professor	FEFCON -2019
2	Poster :Takayasu's arteritis with Hashimoto's thyroiditis	Presenter-Dr. Shweta Guide :Dr.Nirmala.A.C	E KAPICON 2020
3	Poster :Norum's disease/Familial LCAT deficiency disorder	Presenter: Dr.Suma L Guide:Dr.Nirmala .A.C	E KAPICON 2020
4	Poster :Comparative study of thyroid profile between Premenopausal and Postmenopausal women	Presenter:Dr.Suma. L Guide: Dr.Aravind. G N	E KAPICON 2020
5	Paper :Efficacy of non-invasive liver fibrosis indexes and platelet spleen diameter ratio as a predictor of esophageal varices in patients with portal hypertension.	Dr Chetan V Guide :DrJayachandra	E KAPICON 2020
6	Poster: Hematologic and thrombotic complications of thyroid storm	Dr Chetan V	E KAPICON 2020
7	Poster: Validation of Chanre's infection calculator based on procalcitonin, CRP and CBC, for the stratification of infections in a tertiary centre	Presenter: Dr Chaitra Rao Guide: Dr Ravi K	E KAPICON 2020
8	Paper :To correlate glycemic status in acute OP-poisoning with severity and clinical outcome	Presenter; Dr.Yaduraj.D.K. Guide; Dr.Madhumathi.R	E KAPICON 2020
9	Paper :APRI index as an alternative marker in predicting severity and prognosis in patients of liver cirrhosis	Presenter- Dr AbhimanShetty B Guide- Dr Nirmala AC	E KAPICON 2020
10	Poster : Q fever endocarditis: rare but not forgotten	Presenter- Dr AbhimanShetty B, Guide-Dr MadhumathiR	E KAPICON 2020
11	Paper :Study of serum uric acid as an alternative prognostic parameter in liver cirrhosis	Presenter - Dr Sanjana Rai K Guide - Dr Nirmala AC	E KAPICON 2020
12	Poster :The Great masquerader	Presenter - Dr Sanjana Rai K Guide- DrMNarayanaswamy	E KAPICON 2020
13	Paper : A study of correlation of pulmonary function test in patients with metabolic syndrome with different components of metabolic syndrome	Dr Sudha Karbari	E KAPICON 2020
14	Paper : Diagnostic potential of CBAAT in sputum negative pulmonary tuberculosis and drug resistance in such cases a retrospective study.	Presenter. Dr Deepak K J Guide. Dr.Nagaraja B S	E KAPICON 2020
15	Poster : Case of Methaemoglobinemia in a patient with spirulina over dose.	Presenter. Dr.Deepak K J Guide. Dr. Madhumathi R	E KAPICON 2020
16	Poster : An elderly lady with history of	Presenter :Dr Rajeshwari	E KAPICON 2020

	thyroidectomy presented with cognitive dysfunction, head ache and carpopedal spasm, case of Farh's disease	Channagoudar Guide: Dr Chandrashekhar M	
17	Paper : To screen for OSA in T2DM and it's association with glycemic status and microvascular complications	Presenter - Dr Aashik Y S Guide - Dr Madhumathi R	KRSSDI 2020
18	Paper : Association between hsCRP and microvascular complications in patients with T2DM	Presenter- Dr Aashik Y S Guide- Dr Madhumathi R	E KAPICON 2020
19	Poster : Atypical presentation of Sturge Weber syndrome in an adult - granulomatous cheilitis and absence of neurological symptoms	Presenter - Dr Aashik Y S Guide - Dr Prashant V N	E KAPICON 2020
20	Paper: A study to assess diabetic distress in type 2 DM patients and its effect on glycemic control	Presenter :Dr. Amrutha Guide: Dr.MadhumathiR	E KAPICON 2020
21	Poster: A rare case of proximal RTA masquerading as diabetic ketoacidosis in type 1 DM patient	Presenter :Dr. Amrutha Guide . Dr. Ravi K	E KAPICON 2020
22	Paper :The utility of lipid profile as a marker for predicting the severity of dengue fever	Presenter – Dr Keerthi Kumar Guide – Dr Ravi K	E KAPICON 2020
23	A rare case of Pulmonary Alveolar Microlithiasis –“Stone Lungs”	Presenter – Dr Keerthi Kumar N Guide – Dr Ravi K	E KAPICON 2020
24	Paper :A study of clinical and virological outcome in HIV/AIDS patients on third line anti-retroviral therapy at centre of excellence, Bengaluru.	Guide: prof. Dr. Ravi k Presenter: Dr. Manoj Muthalik	E KAPICON 2020
25	Poster :Unending endeavour with unknown fever	Guide: prof. Dr. Ravi K Presenter: Dr. Manoj Muthalik	E KAPICON 2020
26	Paper - Endoscopic findings in uninvestigated dysphagia	Dr VenkatakrishnaBhat S, post graduate	APICON 2020
27	Paper - An audit of upper gastrointestinal endoscopy	Dr VenkatakrishnaBhat S, post graduate	IMA NATCON-2019
28	Poster - CCTGA in adult a gift of God not of a surgeon	Dr VenkatakrishnaBhat S, post graduate	KAPICON 2019
29	Paper comparative study of Cartridge based nucleotide amplification test (CBNAAT) versus sputum microscopy for the diagnosis of pulmonary tuberculosis in people living with HIV (PLHIV) and its correlation with CD4 count and to detect the prevalence of rifampicin resistance and MDR-tuberculosis in PLHIV.	Presenter: Dr. Saicharan Guide - prof. Dr. Kavya S T	E KAPICON 2020
30	Poster :Whatastorm- a rare case of hematological disorder	Presenter: Dr. Saicharan Guide - prof. Dr. Kavya S T	E KAPICON 2020
