Medicus Conventus is an annual Undergraduate Medical Conference hosted by Lady Hardinge Medical College, New Delhi allowing students from across the country and internationally to collectively discuss medicine and its advances. 10 finalists were allowed to present in-person at New Delhi.

**Topic: UCB0107 Tau Immunotherapy in the Treatment of Progressive Supranuclear Palsy; A Randomised Double-Blind Placebo Controlled Trial**

The research idea centered around using tau immunotherapy to bind to the microtubule binding repeats of the tau protein epitope. This would prevent tau protein aggregation in the brain of patients with Progressive Supranuclear Palsy reducing further atrophy of the midbrain.
